

CPR IN SCHOOLS

Training Kit™

GROUP CLASS:

School or community setting

The CPR in Schools Training Kit

is an all-in-one educational program for educators, school nurses, and student leaders to train groups of 10 to 20 students at once in a school setting. The kit can also be used to extend lifesaving training to school faculty, staff, parents, volunteers, and community members. One kit can train hundreds of students.

Students learn the core skills of CPR in less than one class period. Course instruction includes:

- Adult Hands-Only CPR
- Child CPR with breaths
- Adult and child choking relief
- General AED awareness

CPR ANYTIME®

SELF-FACILITATED:

At-home or community setting

CPR Anytime Kits

are self-directed programs designed to be shared by close family and friends. The kits can also be used to train small groups and community organizations.

The kits contain everything needed to learn lifesaving skills in about 20 minutes.

CPR Anytime (Adult and Child)

- Adult Hands-Only CPR
- Child CPR with breaths
- Adult and child choking relief
- Adult and child AED use
