

Advanced Stroke Life Support® Blended Learning

RAFFLE: VISIT THE ASLS KIOSK IN AHA HEADQUARTERS FOR A CHANCE TO WIN!

*Details on the back

The American Heart Association, in partnership with The University of Miami's Gordon Center, is excited to announce a new stroke education course for in-hospital and prehospital healthcare professionals. The new Advanced Stroke Life Support (ASLS®) Blended Learning Course will educate healthcare professionals to identify, evaluate, and manage patients with stroke.

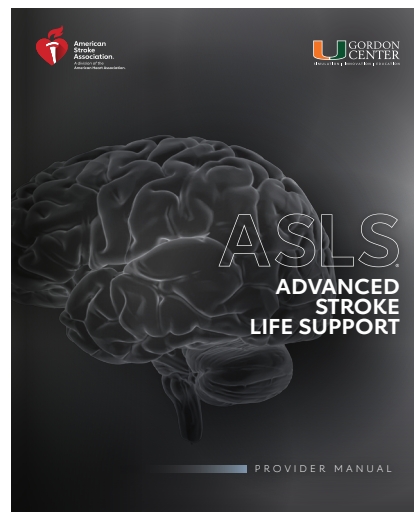

BLENDED LEARNING FORMAT

Blended Learning courses consists of both an online, self-directed portion, followed by an in-person skills testing session with an ASLS Instructor.

WHO SHOULD TAKE THE COURSE?

ASLS is appropriate for all healthcare providers involved in the management of acute stroke patients and meets the education requirements for Stroke Center Certification.

- Nursing Students and Nurses
- Advanced Practice Registered Nurses
- Paramedics and Emergency Medical Personnel
- Physicians
- Physician Assistants
- Residents and Fellows
- Medical Students
- Respiratory Therapists

COURSE OPTIONS

The new ASLS Course is available in 3 different provider course tracks that offer Continuing Education (CE).

Prehospital Provider Course

In-Hospital Provider Course

Prehospital & In-Hospital Provider Course

Please note, this new stroke discipline will be initially available only to ACLS Training Centers and Instructors, as well as The Gordon Center's current ASLS Instructors.

INTERNATIONAL STROKE CONFERENCE RAFFLE

Stop by the ASLS kiosk in AHA HeadQuarters to enter to win the ASLS Blended Learning Online Provider Course (\$176 Value)!

**Winner will not need to be present and will be announced after ISC.*

After ISC, the winner will be:

- Contacted via email from asls@heart.org
- Have the option to choose which course track they would like to complete: prehospital, in-hospital, or a combined track that covers both settings.
- After the winner has activated the course license, access to the course, the ASLS Provider Manual, and ASLS Digital Reference Guide will last for two years.

After completing the online course, there are two options for skills check off:

1. Your Training Center can request to add the ASLS discipline to their course offerings if not currently offered.
2. Contact a new ASLS Training Center in your area to receive in-person skills check off. Please note: New ASLS Training Centers are still being established. We can help provide direction on Training Centers in your area that are offering the course externally after completion of the online course.
