

You are invited

to become an Advanced Stroke Life Support Instructor

The AHA is offering an opportunity to become an ASLS Instructor through a special training event.

The Advanced Stroke Life Support (ASLS®) Blended Learning Course educates healthcare professionals to identify, evaluate, and manage patients with stroke.

ASLS is appropriate for all in-hospital and prehospital healthcare professionals involved in the management of acute stroke patients and meets the education requirements for Stroke Center Certification.

Who Should Attend?

- Current AHA ACLS Instructors who are interested in becoming ASLS Instructors
- Instructors who are aligned with an AHA Training Center planning to offer ASLS
- Healthcare professionals who specialize in stroke education and wish to teach ASLS
