

## CPR & Emergency Cardiovascular Care

### General Information

**Q: What is the CPR & First Aid Anywhere Training Kit?**

A: The CPR & First Aid Anywhere Training Kit is designed to meet the group training needs of workplaces, community organizations, and universities and can be facilitated by anyone, anytime, anywhere. The kit contains everything needed to train 10 to 20 people at once in the lifesaving skills of CPR and first aid.

**Q: Who is the target audience for this course?**

A: This kit is for people who do not need a course completion card for a job or other requirements. It is intended for workplaces, community organizations, and universities that want to facilitate group training of CPR and first aid.

**Q: Specifically, what content is taught in the CPR & First Aid Anywhere Training Kit?**

A: The **CPR & First Aid Anywhere Training Kit** teaches:

- Hands-Only CPR and AED for Teens and Adults
- Adult CPR with Breaths
- Choking in Adults
- Child CPR and AED
- Choking in Children
- First Aid
  - Bleeding and bandaging
  - Stroke
  - Heart attack
  - Fainting
  - Diabetes
  - Seizures
  - Opioid overdose

**Q: What are some of the product benefits of the CPR & First Aid Anywhere Training Kit?**

A: Benefits include:

- Provides both lifesaving skills of CPR and first aid
- Everything needed to train 10 to 20 people at once
- Can be facilitated by anyone, anytime, anywhere
- Training developed from the latest science and research from the American Heart Association
- Taught with the AHA's research proven practice-while-watching technique

**Q: Is there a written exam that must be completed for CPR & First Aid Anywhere Training Kit?**

A: No, a written exam is not required to complete the course. However, there is an optional pre- and post-test included in the course materials for those that wish to measure knowledge gained by course participants.

### Kit Materials

**Q: What is included in the CPR & First Aid Anywhere Training Kit?**

A: Each kit contains:

- 1 wheeled carry bag
- 10 Mini Anne Plus inflatable manikins
- 10 kneel mats
- 10 individual carry bags
- 5 practice-while-watching training DVDs (code to access streaming video is also included)
- 1 hand pump for manikin inflation
- 2 mesh collection and storage bags
- 10 replacement airways
- 50 manikin wipes
- 10 replacement face masks
- 10 AED training simulators
- 1 facilitator binder that contains the Facilitator Guide, Lesson Plans, pre-test and post-test, and supplementary material. Also available in eBook format.

**Q: How many times can you use the course once purchased?**

A: The kit is reusable and can be used to train hundreds of people.

**Q: Can the CPR & First Aid Anywhere DVD or eBook be purchased separate from the kit?**

A: No, the DVD and eBook cannot be purchased separate from the kit.

**Q: Can the CPR & First Aid Anywhere DVD be used without the included manikin?**

A: Skills are taught with the AHA's research-proven practice-while-watching technique, which allows for practice on a manikin while observing a demonstration of the skills in the video. The best training results will come from using the DVD and manikin together.

### Facilitating CPR & First Aid Anywhere Training

**Q: Is an AHA Instructor or Facilitator needed to conduct training using the CPR & First Aid Anywhere Training Kit?**

A: No, an AHA Instructor is not needed for this course. However, the course requires a facilitator. The **CPR & First Aid Anywhere Training Kit** can be facilitated by anyone, anytime, and anywhere. Facilitators can be anyone who wishes to help pass on lifesaving CPR and first aid skills. As a facilitator-led course, the **CPR & First Aid Anywhere Training Kit** extends the availability of and access to training, so that more people can learn CPR and first aid to use their skills to act quickly in an emergency.
