Preface

The *Emergency Cardiovascular Care Course Card Reference Guide* is a quality control tool to be used with American Heart Association (AHA) course cards. **It is not a policy document.** The Course Card Reference Guide provides a means to ensure that AHA course completion cards are valid.

AHA Emergency Cardiovascular Care (ECC) course cards are described throughout this Guide. This Guide includes samples of available cards for each discipline. Quality Control Checkpoints aid the user by providing the date the card was introduced, the date the card was withdrawn from use, and how long the card is recognized.

Course cards are available only to authorized Training Centers (TCs) with a confidential security code issued by AHA National Center ECC Programs. Each student who successfully completes an AHA ECC credentialed course must be issued the appropriate course card, which bears an AHA logo. The TC conducting the course is responsible for card issuance and security through its instructors and Training Sites. Each TC must document how it maintains card security and accountability. Duplicate course cards are managed by the TC issuing the original card.

For clarification on issues addressed in this Guide or to verify the status of the TC that issued a card, please contact the ECC Customer Support Center at 1-877-242-4277.

Introduction

The completion cards issued for the courses use criteria and materials from the *2010 AHA Guidelines for Cardiopulmonary Resuscitation (CPR) and ECC* and the *2015 AHA Guidelines Update for CPR and ECC*.

The current cards include

- RQI® Responder (Hands-Only CPR) and RQI for Telecommunicators
- Heartsaver® CPR AED, Heartsaver First Aid, Heartsaver First Aid CPR AED, Heartsaver Pediatric First Aid CPR AED, Heartsaver for K-12 Schools, and Heartsaver Instructor
- BLS Provider, Advisor: BLS, RQI BLS Healthcare Provider, and BLS Instructor
- ACLS Provider, RQI ALS Healthcare Provider, and ACLS Instructor
- ACLS Experienced Provider and ACLS EP Instructor
- PALS Provider, RQI PALS Healthcare Provider, and PALS Instructor
- PEARS® Provider and PEARS Instructor

eCards

The eCards are an electronic equivalent to the printed AHA course completion cards. eCards are valid course completion cards and can be presented to employers as proof of successful completion of an AHA course. Like the printed cards, eCards expire 2 years after the issue date.

Students may print eCards in a certificate-size or wallet-size format, as shown below, or may present them as an image on a mobile device. We encourage all employers and licensing entities to validate eCards as described below.

AHA eCards (certificate and wallet size)

eCard Layout

- **General:** All information on the eCard is digitally populated from the information entered by the Training Center Coordinator (TCC) or Instructor.
 - **Branding:** eCards feature the official AHA logo.
 - **Copyright:** All cards have a copyright notice.
 - **Dates:** The issue date appears as the 2-digit month and day and 4-digit year. The renew by date appears as the 2-digit month and 4-digit year, 2 years from the issue date.
 - **eCard code:** The eCard code is printed on the card. The format of the code is the last 2 digits of the year the eCard was issued, followed by a 3-digit course code and a 7-digit random number. This code may be used by students or employers to access and verify eCards at www.heart.org/cpr/mycards.
 - **Modules:** For Heartsaver cards, the optional modules completed are listed.
 - **QR code:** eCards feature a QR code, which can be scanned with a mobile device to view the eCard. Instructor cards issued in the U.S. do not include a QR code.
 - **Verification:** eCards include the website address where students and employers can view or verify eCards.
-

Security and Validation

eCards are more secure than printed cards. A 3-point verification by the TCC, instructor, and student is required to issue and claim eCards. eCard information is populated electronically by the TCC or instructor and can only be altered by the TCC.

Using the eCards Code, employers can easily verify eCards at www.heart.org/cpr/mycards to prove issuance by a valid TC and instructor aligned with that TC.

Accessing eCard Profiles

Students who are issued eCards have the benefit of self-service and can access their eCard Profile any time at www.heart.org/cpr/mycards.

To log into the eCard Profile, the student simply enters his or her First Name, Last Name, and Email Address (must be the email address the student used to claim the eCard). Or the student can log in by entering the eCard Code found on the eCard. The student will be prompted to enter the security answer created when he or she initially claimed the eCard.

See [Lost your AHA Completion Card?](#) for information on replacing an eCard.

Printed Cards

The AHA requires that course cards have information that is complete and legible. It is required that all paper cards be stamped, typed, or computer printed to reduce the risk of cards being altered. It is permissible for **only** the front of the card to be legibly handwritten (student name, issue date, and recommended renewal date). The handwritten information must be printed in blue or black ink. All information on the back of the card **must** be stamped, typed, or computer printed. The content of AHA course cards cannot be altered in any way.

Printed Card Layout

Front of Card

- The course name is preprinted on the card.
- Indicate the student's name (eg, first name, middle initial, and last name).
- Heartsaver course completion cards also feature an area on the front of the card listing optional modules for the course. AHA Instructors are to strike through the optional modules not completed.
- Indicate the issue date as a 2-digit month and day, and 4-digit year. For cards issued by International Training Centers using CPRverify, the date will follow the standard international format of 2-digit day, abbreviated month, and 4-digit year.
- Indicate the renew by/expiration date, 2 years from the issue date (2-digit month and 4-digit year. For cards issued by International Training Centers using CPRverify, the date will show the month, spelled out, and the 4-digit year. The card is valid through the end of the month.

Back of Card

All of the following items are required unless otherwise noted:

- Indicate the name of the TC.
- Indicate the TC's AHA identification number.
- Indicate the TC's address and contact information.
- Indicate the location of the course. Provide a general description of where the course was conducted.
Note: The Heartsaver for K-12 Schools card uses "School Name" instead of "Course Location."
- Indicate the Instructor ID number.
- All information on the back of the card must be stamped, typed, or computer printed. It cannot be handwritten.
- On provider cards, indicate the Director's/Instructor's AHA Instructor Network identification number.
- On instructor cards, indicate the **receiving** instructor's AHA Instructor Network identification number. The instructor identification number should be for the *person whose name is on the front of the card*.
- The person who has completed the course must sign his or her name in black or blue ink. A missing signature does not invalidate the card.

Course Card Tip Sheets and Templates

Only TCCs can access course card tip sheets and templates on the AHA Instructor Network website at www.ahainstructornetwork.org. To use the card templates, you will need Adobe Reader, which can be downloaded, for free, from Adobe's website at get.adobe.com/reader/.

Each package of course cards comes with a tip sheet, and printed on the back is a practice sheet. Make extra copies of the practice sheet to test the alignment of the template before printing on the course cards.

Security Features

- **Card layout:** Each sheet of cards is formatted for printing both sides at the same time. The completed card can be peeled from the sheet and folded to form a $3\frac{3}{8} \times 2\frac{1}{8}$ -inch card.
- **Color designation:** Each discipline is designated by the color of the title on the card. Heartsaver and BLS are **blue**, Heartsaver for K-12 Schools is **green**, ACLS and ACLS EP are **red**, and PALS and PEARS are **purple**.
- **Copyright:** All cards have a copyright notice.
- **Highlighted personalization:** The cards have highlighted areas for the name, issue date, and renewal date. Tampering with these areas will alter the appearance of the card.
- **Microprint:** All cards use security microprinting for the information lines. For example, the microprint on the Heartsaver CPR AED card is "HEARTSAVERCPRAEDHEARTSAVERCPRAED" (Figure 1).
- **Viewing microprint:** The microprint can be viewed with a loupe or magnifying glass, such as that in Figure 2.

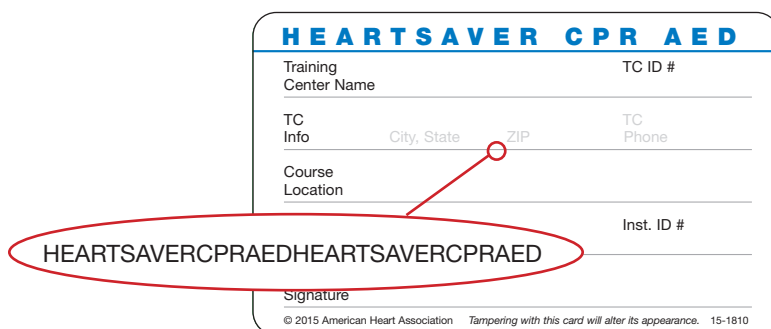

Figure 1. Security microprint.

Figure 2. A loupe or a magnifying glass can be used to view the security microprint.

Duplication/Replacement of Lost Cards

It is the responsibility of the TC to issue a duplicate card if a card is lost, is mutilated, or otherwise becomes unusable. All requests for duplicate or replacement cards must be submitted directly to the TCC who issued the original card. The Course Director or Lead Instructor may advise the student to contact the TC that issued the original card, or the instructor may do so. The TC may set a fee for reissuing a card.

See [Lost your AHA Completion Card?](#) for information on replacing a printed card.

Heartsaver®

Heartsaver CPR AED

Heartsaver CPR AED is a course that teaches adult CPR and automated external defibrillator (AED) use, as well as how to relieve choking in an adult. This course teaches skills with the AHA's research-proven practice-while-watching technique, which allows instructors to observe the students, provide feedback, and guide the students' learning of skills. Infant and child modules are optional. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

Current Cards

Heartsaver for K-12 Schools

Heartsaver for K-12 Schools uses the Heartsaver First Aid CPR AED Course to teach K-12 students, faculty, and staff critical skills needed to respond to and manage a cardiac arrest, choking, or first aid emergency in the first few minutes until EMS arrives. This course teaches adult CPR and AED use. Child CPR AED, infant CPR, and first aid modules are optional. Students may also learn skills such as how to treat bleeding, sprains, broken bones, shock, and other first aid emergencies. The course is presented in several modules, giving schools and AHA instructors the flexibility to teach the course over several class periods. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

BLS (Basic Life Support)

BLS Provider

The new BLS Provider Course replaces the BLS for Healthcare Providers and BLS for Prehospital Providers Courses. The BLS Provider Course teaches both single-rescuer and team basic life support skills for application in both in- and out-of-hospital settings. This course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilation, and provide early use of an AED. It includes adult, child, and infant rescue techniques. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

Advisor: BLS

Advisor: BLS course completion cards accommodate students who pass the cognitive portion of the HeartCode® BLS Provider Course but cannot perform the physical skills of CPR. By successfully advising others how to perform CPR and use an AED, HeartCode BLS students with disabilities can receive an Advisor: BLS card. Students should check to make sure that their workplaces will accept these cards. Advisor: BLS cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

RQI® eCREDENTIALS (Resuscitation Quality Improvement®)

RQI eCREDENTIALS are issued as part of the AHA's RQI 2020 Program. RQI eCREDENTIALS have a unique design that represents the gold standard of quality for learners who have verified competence through active and ongoing participation in RQI 2020.

The AHA's Resuscitation Quality Improvement (RQI) Program delivers quarterly CPR skill and resuscitation learning activities to support mastery of high-quality CPR skills through the use of feedback-driven, deliberate practice.

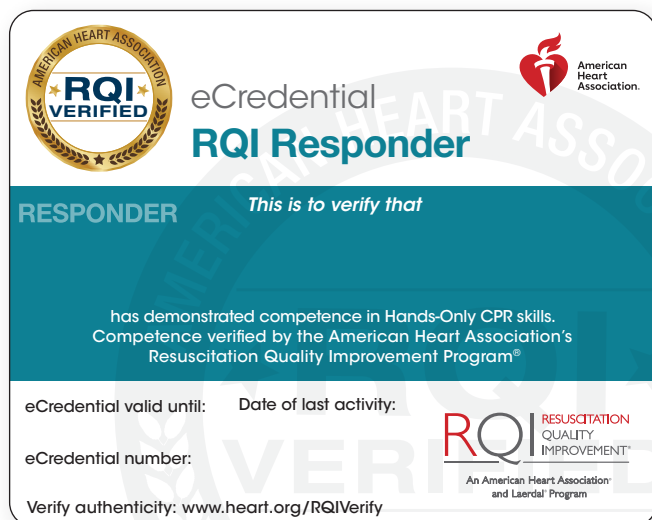

Since RQI is recognized by the AHA as the gold standard, learners who possess a valid RQI eCREDENTIAL may claim a traditional two-year AHA eCard for the curriculum that they are verified in. *Example:* A learner with a valid RQI BLS Healthcare Provider eCREDENTIAL may request and be provided a 2-year AHA BLS Provider eCard (fee applies).

The RQI Responder Program has been developed to assist in the continuous improvement of Hands-Only CPR skills provided by ancillary and support staff at RQI hospitals. This program is designed to prepare hospital employees not directly involved in patient care to respond effectively and efficiently to a cardiac arrest. The program combines cognitive learning tools and CPR manikin skills practice in a time-efficient, high-impact course.

RQI eCREDENTIAL Layout

- **General:** RQI eCREDENTIALS are issued as part of RQI 2020 for RQI Responder, RQI BLS, RQI ALS, and RQI PALS. RQI eCREDENTIALS can be easily recognized by the "American Heart Association RQI Verified" gold seal in the top left corner.
- **Dates:** The "valid until" date and the "Date of last activity" on the RQI eCREDENTIAL will update each calendar quarter when a learner completes assigned activities.
- **Verification:** RQI eCREDENTIALS can be verified at www.heart.org/RQIVerify.

RQI eCREDENTIAL CARDS

15-3234 RQI Responder (Hands-Only CPR) eCard

15-3236 RQI BLS Healthcare Provider eCard

15-3235 RQI ALS Healthcare Provider eCard

15-3233 RQI PALS Healthcare Provider eCard

RQI Telecommunicator (RQI-T) is a low-dose, high-frequency, blended-learning quality improvement program designed to improve public safety telecommunicators' competency and performance in the delivery of telephone CPR (T-CPR). Each quarter, public safety telecommunicators must successfully complete an assigned cognitive learning and simulation exercise, demonstrating the ability to meet performance standards for rapidly recognizing cardiac arrest and initiating T-CPR instructions to maintain eCredentials.

15-3423 RQI for Telecommunicators eCard

RQI eCards

The **American Heart Association's Resuscitation Quality Improvement (RQI)** Program is exclusively available to actively employed healthcare providers for continuous demonstration of CPR skills. RQI provider eCards are issued quarterly.

Individuals who possess a valid **RQI BLS Provider**, **RQI ACLS Provider**, or **RQI PALS Provider** eCard have demonstrated, and continue to demonstrate, the equivalent requirements for completion of AHA healthcare provider courses.

Questions or concerns about the validity of an RQI Provider eCard should be addressed to RQIQuestions@heart.org.

RQI eCard Layout

- **General:** RQI eCards are issued as part of RQI BLS, RQI ACLS, and RQI PALS programs.
- **Dates:** The date the card was last updated appears as the 2-digit month, 2-digit day, and 2-digit year. The date the card expires appears as the 2-digit month and 2-digit year, 2 years from the last updated date. eCards are valid through the end of the month.
- **eCard Code and QR Code:** RQI eCards feature an eCard Code and a QR Code that link back to the individual student.
- **Verification:** RQI eCards can be verified by scanning the QR Code or entering the eCard Code from the student's eCard at cpr.heart.org/RQIverify.

HeartCode® Complete eCards

General: HeartCode eCards are issued as part of HeartCode Complete BLS, HeartCode Complete ACLS, and HeartCode Complete PALS programs. HeartCode Complete eCards will be provided to students after they finish both the cognitive portion and the skills assessment by using either a voice-assisted manikin system or a simulation station.

HeartCode Complete eCards earned by using the voice-assisted manikins will list the Training Center as Laerdal Medical Corp. and the instructor name as HeartCode Admin.

Dates: The date the card was issued appears as a 2-digit month, 2-digit day, and 4-digit year. The date of recommended renewal appears as a 2-digit month and 4-digit year, 2 years from the last day of the month in which the program was completed.

eCard Code and QR Code: HeartCode Complete eCards feature an eCard Code and a QR Code that link back to the individual student.

Verification: HeartCode Complete eCards can be verified by scanning the QR Code or entering the eCard Code at cpr.heart.org/RQlverify.

International eCards

The AHA has a large and growing training network outside the United States. In some locations, the AHA has translated or cobranded course cards. These cards are equivalent to standard AHA course cards; all course objectives and materials remain the same worldwide. All translated eCards are adapted from the English international course eCards.

Accessing eCard Profiles

Students who are issued eCards have the benefit of self-service and can access their eCard Profile any time at www.CPRverify.org.

If you have not created your profile, select “New to CPRverify? Sign up.” and fill out the form. After you sign up, log in to your profile, select “Add Course,” and enter your Verification Code Number to add to your profile. Once you provide course feedback, your eCard will be accessible under your “My Courses and Feedback” tab.

For information on replacing international cards, contact CPRverify@heart.org.

15-2851 International Heartsaver Pediatric First Aid CPR AED printed card

Resuscitation Council of Southern Africa

The RCSA issues cards in the countries where it conducts AHA training. Other International TCs in southern Africa may issue this card or the standard AHA course card. For a full list of RCSA cobranded cards, see the International Printed Course Cards in the Course Card Index at the end of this guide.

Sample RCSA Provider printed card

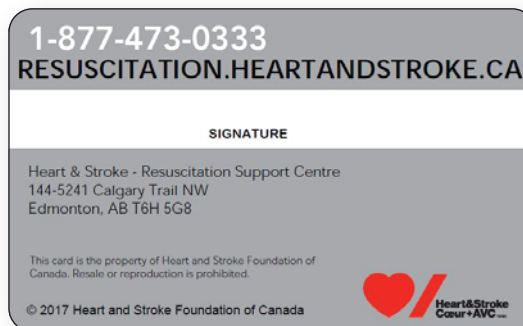

Sample RCSA Instructor printed card

Heart and Stroke Foundation of Canada

The Heart and Stroke Foundation of Canada (HSFC) works closely with AHA ECC Programs. The HSFC provider card is recognized by the AHA and can be used for admission to an AHA provider update course in the same discipline. The HSFC instructor card is recognized by AHA TCs in the same way as an instructor card issued by any AHA TC.

HSFC provider cards are silver.

HSFC instructor cards are gold.

Training Center Faculty

Training Center Faculty (TCF) members are appointed by their respective TCs. TCF members are responsible for quality assurance and are the educational leadership for their respective courses within their TC network. TCCs can work with TSCs to identify appropriate TCFs for a large TS. TCCs are responsible for listing and updating TCFs by discipline in the Instructor Network. TCFs will have access to tools and materials on the IN. TCF members: Conduct instructor courses, monitor new and renewing instructors, and conduct updates for the TC's instructors. The TCF card and certificate are not an acceptable substitute for an instructor card and do not verify instructor status. The TCF certificate/card template that TCs use when appointing TCF members in their respective disciplines is accessible on the Instructor Network to TCCs only. The TCF document is set up to auto-populate the card template at the bottom of the certificate. You will only need to complete the certificate portion and then print and place it in the instructor's record. You may issue the auto-populated card to the TCF.

 <p>BLS Training Center Faculty</p> <p>has been appointed as a Basic Life Support (BLS) Training Center Faculty for the American Heart Association.</p> <p>TC Name: _____ TC Coordinator: _____ Term: _____ Region: _____ KJ1048 BLS R1/20</p>	 <p>ACLS Training Center Faculty</p> <p>has been appointed as an Advanced Cardiovascular Life Support (ACLS) Training Center Faculty for the American Heart Association.</p> <p>TC Name: _____ TC Coordinator: _____ Term: _____ Region: _____ KJ1048 ACLS R1/20</p>
 <p>ACLS EP Training Center Faculty</p> <p>has been appointed as an ACLS for Experienced Providers (ACLS EP) Training Center Faculty for the American Heart Association.</p> <p>TC Name: _____ TC Coordinator: _____ Term: _____ Region: _____ KJ1048 ACLS EP R1/20</p>	 <p>PALS Training Center Faculty</p> <p>has been appointed as a Pediatric Advanced Life Support (PALS) Training Center Faculty for the American Heart Association.</p> <p>TC Name: _____ TC Coordinator: _____ Term: _____ Region: _____ KJ1048 PALS R1/20</p>

TCF certificate, card, and template are available only to TCCs, through the AHA Instructor Network.

Quality Control Checkpoints

- Valid until further notice
- Name of the appointing TC
- Term of an appointment is 2 years
- First and last name of the TCC
- Name of region

Important Reminders

- TCF cards are not a replacement for AHA Instructor cards. If an instructor is appointed as a TCF by the TCC, he or she is to be issued a current instructor card, and it must be kept in the TC's records.
- The designation of TCF is not transferable to other TCs.

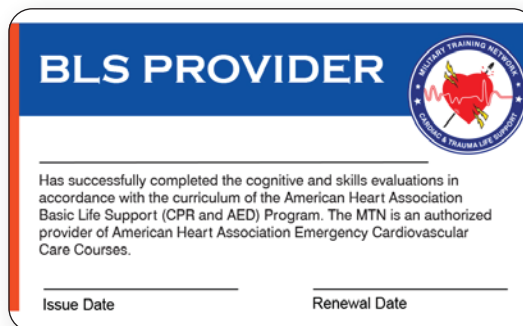

Military Training Network (United States Only)

Effective November 1, 2018, the American Heart Association is no longer issuing cards with the Military Training Network (MTN).

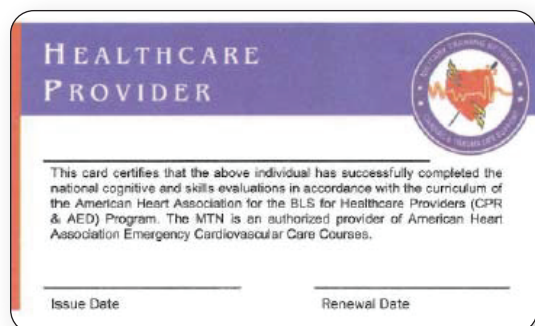

- Heartsaver CPR AED, BLS Provider, and Healthcare Provider cards expire December 31, 2020.
- ACLS, PALS, and PEARS Provider cards expire March 31, 2021.
- These cards are recognized within the Department of Defense.
- Heartsaver, BLS, ACLS, and PALS Instructor cards have expired.

Heartsaver CPR AED card (Expires December 31, 2020)

BLS Provider card (Expires December 31, 2020)

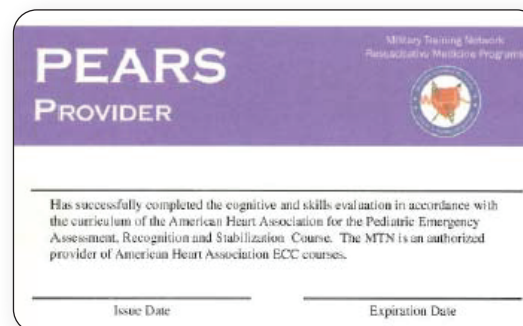

Healthcare Provider card (Expires December 31, 2020)

ACLS Provider card (Expires March 31, 2021)

PALS Provider card (Expires March 31, 2021)

PEARS Provider card (Expires March 31, 2021)
