

ECC EDUCATIONAL CONFERENCE

Integrating AHA Science & Education into your Resuscitation Training

REGISTER TODAY!

<https://www.xpressreg.net/eReg/?ShowCode=ECCR1019>

DALLAS, TX | OCTOBER 23-24, 2019

» **What:**

For the first time, the American Heart Association's ECC Educational Conference Series will feature two exciting days of activities – for the same great price – focused on Integrating AHA Science & Education into your Resuscitation Training. The conference will include peer-to-peer workshops with other members of the AHA Training Network, AHA expert-led sessions, engaging breakouts, panel discussions with industry trailblazers, and opportunities dedicated to networking with attendees and ECC event sponsors. Attendees will walk away with practical solutions to increase quality training and ultimately save more lives.

TOPICS INCLUDE:

- Peer-to-peer Workshops on Hot Topics in Training
- Innovative Educational Strategies & Meeting the Needs of Diverse Learners
- Use of Continuous Evidence Evaluation
- Improving Resuscitation Programs in Your Facility
- Psychological & Social Aspects of Cardiac Arrest Survivorship
- Controversies in Adult and Pediatric Resuscitation
- Panel Discussions with the Pros
- Highlights from ReSS 2018

When:

Wednesday, October 23, 2019

3:00 PM – 5:15PM (check-in begins at 2:00 PM) Networking Reception immediately following
