

## TELEBEHAVIORAL HEALTH eLEARNING COURSE:

### About this course package:

This course provides behavioral health professionals with evidence-based training in telebehavioral health. Through interactive content, video, and integrated case scenarios, learners will explore key considerations for delivering virtual care across diverse settings. The course addresses the needs of special populations—including children and older adults—and emphasizes cultural competency.

### Who should take the course?

Behavioral health professionals interested in or currently practicing telehealth.

- Physicians
- Psychologists
- Nurse Practitioners
- Nurses
- Physician Assistants
- Social Workers
- Addiction Counselors
- Students

### Does this course offer CE credit?

Learners can earn up to 4.5 continuing education credits with the full course package.

- Physicians (AMA) – 4.5 AMA PRA Category 1 Credits™
- Physician Assistants (AAPA) – 4.5 AMA PRA Category 1 Credit™
- Nurse Practitioners (AANP) – AMA PRA Category 1 Credit™
- Nurses (ANCC) – 4.5 contact hours
