2020 AHA Guidelines for CPR & ECC: The Virtual Experience
Oct. 21, 2020

We're excited to announce our first-ever virtual event to highlight the release of the 2020 AHA Guidelines for CPR & ECC! As the leader in resuscitation science, the AHA will unveil the latest updates and key changes in the guidelines that impact the lifesaving work performed by healthcare providers, EMS personnel, AHA Instructors, and others.

During the event, the AHA will showcase new, updated courses and materials for AHA healthcare provider training that reflect the latest resuscitation science. The new products will be available immediately following the release of the 2020 Guidelines. The simultaneous release of guidelines and products marks a breakthrough for AHA and embraces one of our **Guiding Values - Bringing Science to Life**.

This free event will feature four sessions – an agenda of the day's events is below. This will be a historic event since we will be releasing new, updated courses and materials for healthcare provider education and quality improvement immediately following the release of 2020 Guidelines.

Session

Time (Dallas, TX)

2020 Guidelines Science & Education Updates	9:30 a.m. – 11 a.m., Central Time
The New AHA Digital Resuscitation Portfolio	11:30 a.m. – 1:00 p.m., Central Time
The RQI Community: RQI and HeartCode Administrator Update	1:30 p.m. – 3:00 p.m., Central Time
